PROFESSIONAL SUMMARY

Information Technology Engineering student building responsive web applications, REST APIs, and algorithmic systems with React, TypeScript, Python, and Django. Passionate about software craftsmanship and clean code.

EDUCATION

Royal University of Phnom Penh (RUPP)

2025 - Present

Bachelor of Information Technology Engineering | Focus: Algorithms, Databases, Discrete Mathematics, OOP

Tux Global Institute

2025 - Present

Associate Degree in App/Web Development | Focus: Modern Full-Stack Platforms, REST APIs, Team Projects

PRACTICAL EXPERIENCE & LEADERSHIP

Frontend Developer Intern - Simple Group Cambodia

March - June 2026

- Engineered the responsive static web application for E-Robot Cambodia V2 using React.js and Tailwind CSS.
- Designed mockups and component systems in Figma, collaborating through multiple feedback review rounds.
- Managed version control and branch workflows via Git & GitHub for clean continuous delivery.

IT Support Specialist (Volunteer) - Tech for Kids Academy

Oct 2025 - Jan 2026

- Provided hands-on IT support across desktop workstations and laptops, executing clean Windows OS installs.
- Created bootable USB media and resolved UEFI/BIOS boot sequence crashes and driver failures.
- Awarded official Certificate of Recognition for dedication and technical troubleshooting excellence.

Teacher of Scratch (STEM Education) - E-Robot

March - June 2026

- Mentored young Cambodian students in visual block-based programming, loops, conditions, and event handlers.
- Adapted curriculum slides, prepared laboratory hardware, and guided students to build custom Scratch games.

TECHNICAL SKILLS

Languages: Python, TypeScript, JavaScript (ES6+), C++, SQL, HTML5, CSS3

Frameworks: React.js, Django, FastAPI, Tailwind CSS, REST APIs, Node.js

Databases: PostgreSQL, MySQL, SQLite

Tools & Systems: Git & GitHub, Linux / Bash, Figma, Postman, Windows OS Setup & Troubleshooting
